“All for the Glory of God in 2011”

Praying and hoping that this year, God's blessings will be in abundance. We may not know how but as we do all things for the glory of God, blessings will come! For our ministry here in the Philippines, the last quarter of 2010 was a blessing!

OCTOBER

It was a blessing to be asked to pray for a newly wed couple. My wife's cousins are not Christian, but still, they wanted a pastor to pray for them. It was an opportunity to present the gospel in prayer.

Joel Flores, our young people leader graduated from college. He has been a faithful volunteer in our church as song leader, in visitation, and in whatever you asked him to do. Please pray for him.

Thanksgiving Sunday is the day when the people will give their thanksgiving gift for the Lord. Our goal was to raise funds for a new gate. God has blessed and we reached our target amount. But God continue to answer our prayers, the amount is more than our goal. Now, we had improved the front fence, finished the smoothening of the wall, and converted our garage into a Sunday school room. Our theme this year *I Have Been Blessed* was really the right words to described what had happened.

NOVEMBER

Nathan's birthday was Nov. 14th. The celebration was held in the children's Sunday school room—our kitchen. Special food, candies and balloons were given to the kids after the class. It was a treat for Nathan and for the kids.

DECEMBER

It was a double celebration—*Pastor's Birthday and Appreciation Day*. The church gave a surprise program, songs and Thank You notes from everybody. He also received special gifts from the church.
